

Dings Armor-Clad Durabelt

- ◇ Protects self-cleaning belts in severe duty use
- ◇ Impact-resistant, heavy-gauge stainless-steel cleats
- ◇ Excellent durability and wear resistance
- ◇ Cleats can be easily replaced in field
- ◇ Continuous separation

Dings' Heavy-Duty Armor-Clad Durabelt

Steel pads and cleats that prevent the rubber belt from being pierced by pointed rebar or other sharp tramp metal. Along with a heavy duty drive assembly, lagging on the drive pulley and reinforced suspension/mounting hardware makes your self cleaning magnet ready for the harshest applications..

Typical Applications

The Dings Armor-Clad 'Durabelt' is typically used in applications such as: recycling crushed concrete, construction & demolition (C&D) debris, solid waste management, wooden pallets, shredded tires and much more. The design is also recommended for processing recyclables at MRFs, separating steel from organic waste at composting sites and for applications of foundry sand.

Dings' Heavy-Duty Armor-Clad Durabelt Features:

- ◇ Dings Co. Magnetic Group's Armor-Clad 'Durabelt' is a self-cleaning belt with an armored barrier. Specially shaped pads of heavy gauge stainless-steel are bolted to the belt.
- ◇ The 'Durabelt' prolongs belt life in applications with sharp-edged steel or with frequent impact from large quantities of ferrous materials.
- ◇ Protects the entire impact area of the magnet- saving belt replacement costs and reducing downtime.
- ◇ Double-walled A-frame heavy-gauge cleats that are structurally more rugged and impact-resistant.
- ◇ Withstands the pounding and abrasive forces of repeated blows from the long reinforcing bars, crankshafts, large sections of heavy wire mesh, etc.

More Dings Company Magnetic Separation Equipment

Eddy Current Separator
Separate non-ferrous metal

Deep Draw Drum Magnet
Lifetime warranty on magnetism

Overhead Stationary Electromagnet
20-year warranty on coil burnout

Ferroplate Magnet
Lifetime warranty on magnetism

Pneumatic Inline Magnet
Powerful rare earth magnets available

Quick Clean Perma Chute Magnet
Lifetime warranty on magnetism

Rare Earth Ferroplate Magnet
More holding power

Overhead Self-Cleaning Electromagnet
20 year warranty on coil burnout

Overhead Self-Cleaning Permanent Magnet
Lifetime warranty on magnetism

Severe Duty Overhead Self-Cleaning Electromagnet
"Durabelt" Stainless steel pads and cleats

MRF (Material Recovery Facility) Overhead Self-Cleaning Electromagnet
3" high cleats

Magnetic Head Pulley
Available in 3 different strength series

Engineering Driven - Customer Service Focused

Dings Company Magnetic Group engineering and sales staff work together from our Milwaukee, WI factory to provide outstanding customer service from experts in magnetic separation. First, we listen to our customers to gain an understanding of their needs. Then we apply our experience in their trade to provide magnetic separation equipment that is sized and positioned for the best possible performance in their specific application.
